## CHC SERIES CRANE SCALES

The CHC Series are general purpose, non-commercial crane scales which have been designed for filling and manual checkweighing applications.

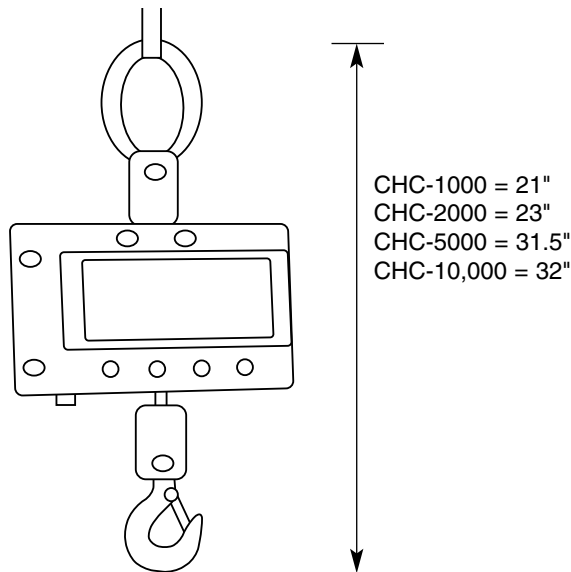

### DEPENDABLE

Designed and built to provide accurate and reliable results, this line of crane scales feature a rugged, high impact cast aluminum housing, as well as a bright LED digital readout. The push button controls not only make it easy to operate, but offer many years of durability and dependability.

### FLEXIBLE AND EASY TO USE

These general purpose crane scales are equipped with a rechargeable 80-hour battery. For added convenience, the recharger is built-in. Also, it's never a problem to switch between lbs or kg. Other features include auto zero tracking, as well as hold and tare functions. These scales also have a 360° swivel hook.

### DIMENSIONS
