

FAIRBANKS®

FB 3000 SOLUTION SERIES NEMA 4X INSTRUMENTS

The FB 3000 NEMA 4X washdown instrument has more connectivity options and data acquisition capabilities than any other scale instrument on the planet. With combined features of both an instrument and PC, the FB 3000 NEMA 4X allows users to program the unit in any computer language or with their own specialized software. It can even connect directly to a company network.
