

FAIRBANKS®

INTERACT DATABASE TRANSACTION SOFTWARE FOR TRUCK SCALES

INTERACT

Fairbanks Scales new Interact Database Scale Transaction Software is the industry's most revolutionary truck scale data handling program ever written. It is designed for customers who need flexibility, data storage, data reporting and data networking capabilities.

The software is Windows® XP Pro compatible, and runs on most PCs or Fairbanks' new FB 3000 Series Instrument. It's also compatible with most other scale manufacturers' instruments. While intended for truck weighing applications, Interact can provide unsurpassed processing for railroad track scale and floor scale data, as well.

AN INTERACT PACKAGE TO FIT ANY USER NEED

- Interact Inside/LE**
 Feature-packed software for in/out weighing, stored tares, basic material tracking and basic reporting.
Can be upgraded to Interact SE or InterAct Professional.
- Interact SE**
 Offers more complex features such as detailed invoicing and statement functions.
Can be upgraded to Interact Professional.
- Interact Professional**
 Offers accounting features such as invoicing, payment tracking and reconciliation reports.

FEATURES

- Most configurable software for truck (rail or floor) scale operations.
- Works with a number of manufacturers' scale instruments.
- Can interface with most external printing devices.
- Runs up to two scales

PRIMARY SCALE MARKETS

Interact Database Scale Transaction Software brings a variety of industries the data processing solution they've been waiting for.

Solid Waste	Manufacturing
Chemical	Scrap/Recycling
Transfer Stations	Timber
Sand & Gravel	Food Processing
Mining	Textile
Agriculture	Coal

HARDWARE REQUIREMENTS FOR INTERACT SOFTWARE

REQUIREMENTS
Pentium compatible 100 MHz
Windows 95
Windows 98
Windows NT
Windows 2000
Windows XP Pro
64 MB RAM
Phone Modem (If Support Plan is sold)
Network EtherNet Connection (If Networking or using Network Printer)
One available serial port for each scale connected

RECOMMENDATIONS*
Pentium compatible 400 MHz or higher
Windows XP Pro
128 MB RAM or higher
Phone Modem (If Support Plan is sold)
Network EtherNet Connection (If Networking or using Network Printer)
One available serial port for each scale connected

* FAIRBANKS SCALES' FB 3000 IS THE OPTIMUM INTERACT INSTRUMENT.
